NATIONAL DEFENSE STUDENT LOAN PROGRAM

List of Schools Determined To Have a High Concentration of Students From Low-Income Families

Pursuant to the provisions of section 205(b)(3)(A)(i) of the National Defense Education Act of 1958 as amended (20 U.S.C. 425(b)(3)(A)(i)), notice is hereby given of the public and other nonprofit elementary and secondary schools which have been listed in accordance with the regulations governing the administration of the National Defense Student Loan Program (45 CFR 144.8(i)(2)) as being in school districts of local educational agencies eligible for assistance pursuant to Title II of Public Law 874, 81st Congress, as amended (title I of the Elementary and Secondary Education Act of 1965), and as having high concentration of children from low-income families during the school year 1971–72.

Teachers with outstanding indebtedness under the National Defense Student Loan Program are entitled to the 15 percent per annum rate of loan cancellation for each complete academic year (or equivalent) of full-time service performed in a public or other nonprofit elementary or secondary school which for that year has been designated by the U.S. Commissioner of Education as having a high concentration of students from low-income families.

The purpose of the lists published under this notice is to identify those schools in each of the States in which loan cancellation for teaching service during the 1971–72 school year is authorized under the special incentive terms and rates provided for under section 205(b)(3)(A)(i) of the National Defense Education Act of 1958.

The school lists appear in alphabetical order by State. The entries for American Samoa, the Trust Territory, Guam, Puerto Rico, and the Virgin Islands appear following the list for the State of Wyoming. The District of Columbia is included in the alphabetical sequence.

Despite the fact that every reasonable precaution has been taken to assure the accuracy of these lists, it is possible that some errors may occur. Should an apparent discrepancy be noted, inquiry may be made to the appropriate State education agency and the Program Support Branch, Division of Student Assistance, Bureau of Higher Education, U.S. Office of Education, Washington, D.C. 20202.

Dated: July 7, 1972.

PRESTON VALIEN,
Acting Associate Commissioner for Higher Education.

Approved: July 11, 1972.

S. P. MARLAND, Jr.,
U.S. Commissioner of Education.
